WELCOME

Dear Colleagues,

On behalf of the **European Society of Urogenital Radiology (ESUR)**, it is my great pleasure to invite you all to attend the upcoming **25th Annual Meeting** of the ESUR. The summit will be held in the lovely city of **Barcelona**, a cosmopolitan city with a valuable architectural and monumental heritage. The city enjoys a prime location with a warm climate and excellent transport links with the rest of Europe.

The local organising committee of the **ESUR 2018** is proud to prepare a programme of outstanding scientific quality, dedicated to Male and Female pelvic cancer, but also with sessions dedicated to most recent developments and challenges in Urogenital Imaging as well as to education and training.

I cordially invite you to join us in one of the most significant scientific events in the field of urogenital imaging, to take the opportunity to meet colleagues and friends, make new contacts and exchange knowledge and ideas.

[Carlos Nicolau](#)

- when (only) MRI-targeted biopsy? when systematic biopsies?
- risk stratification: pre-MRI and post-MRI?

The workshop will be lively and the audience will be expected to take sides!
