First Muscat Workshop on:

UROGENITAL IMAGING

In collaboration with the European society of urogenital radiology

16-17 January 2016

Venue: Crown Plaza Hotel -Muscat

WELCOME ADDRESS

On behalf of Oman Radiology and Molecular Imaging Society, ORMIS, it gives me a great pleasure in welcoming you to Muscat's first workshop on Urogenital Imaging, in collaboration with the European Society of Urogenital Radiology, ESUR.

This workshop is intended to update Radiologists and Clinicians from all hospitals in Oman on current, state of the art, practice of Urogenital Imaging.

The workshop will include various topics on Urogenital Radiology given by four experts from ESUR. The workshop will consist of lectures as well as interactive sessions given at the end of each day in which audience participation is encouraged.

I would like to congratulate and thank ORMIS and ESUR for organizing this workshop and for managing to assemble an impressive mix of relevant topics.

Finally, I wish to thank all our sponsors for supporting this workshop and thank you the delegates for participating and I do hope that we will all benefit in a major way by broadening our knowledge so that we can serve our patients better.
